18 December 2020

I am a social scientist working at the Social and Global Studies Centre and Digital Ethnography Research Centre at RMIT University as Vice Chancellor's Senior Research Fellow. I also hold a visiting appointment at the National Drug and Alcohol Research Centre (NDARC), UNSW Sydney. My research investigates psychoactive drug use in digital society. I am particularly interested in how digital technologies and the cultures they sustain are transforming longstanding social problems like illicit drug use. My research crosses a variety of disciplines, including sociology and criminology alongside epidemiology and public health. My work has been funded by a National Health and Medical Research Council (NHMRC) Early Career Research fellowship and by project grants from Australian and international funders. I am also the Research Lead for Global Drug Survey, Bluelight.org and The Loop Australia; and Associate Editor for International Journal of Drug Policy and Drug and Alcohol Review.

Funding and Projects

People funding

- 2019 4-year RMIT Vice Chancellor's Senior Research Fellowship (Jun 2019 – May 2023)
- 2014 4-year NHMRC Early Career Research Fellowship, National Drug and Alcohol Research Centre, UNSW Sydney. End date adjusted for career disruption: 12/4/2019.
- 2006 3-year PhD Scholarship, funded by the Commonwealth Department of Health and Ageing, awarded by the National Drug Research Institute.

Project funding

I have been a named investigator on AUD 4.5 million in project grant money since 2012. In 2017 I began leading an NHMRC project grant on cryptomarkets.

- 2020 Co-investigator of 'Building procedural justice in Australian street-level drug law enforcement' 18-month project grant. Funded by the Criminology Research Council. Value \$55,364. Team: Caitlin Hughes (Flinders University), Alex Stevens, Monica Barratt, Jason Ferris, Larissa Maier, Adam Winstock.
- 2019 Lead Investigator of 'Rapid translation of forensic data from police drug seizures into clinical alerts to improve public health' 18-month project grant. Funded by the National Centre for Clinical Research into Emerging Drugs (NCCRED). Value \$95,481. Investigator team: Monica Barratt, Alan Eade, Catherine Quinn, Joanne Gerstner-Stevens, Tom Lyons, Nicole Lee, Sione Crawford, Stephanie Tzanetis, Virginia McKinnon, Rita Brien, Isabelle Volpe, Jasmin Grigg, Caitlin Hughes.
- 2019 Co-investigator of 'Understanding emerging opioid-related harms through improved surveillance, drug checking and information sharing systems' 18-month project grant. Funded by the National Centre for Clinical Research into Emerging Drugs (NCCRED). Value \$98,774. Lead investigator: Suzi Nielsen.
- 2019 Co-investigator of 'Risk communication for people who use MDMA/'ecstasy' and related drugs: establishing guidance on consumer preferences and behavioural responses to drug alerts' 18-month project grant. Funded by the National Centre for Clinical Research into Emerging Drugs (NCCRED). Value \$96,120. Lead investigator: Amy Peacock.
- 2019 Co-Investigator of 'Dark side of the Net: Exploring and modelling the impact of online illegal drug markets' 3-year project grant. Funded by New Zealand's Marsden Fund. Value NZD \$836,000 / AUD \$783,354. Lead: A/Prof Chris Wilkins (Massey University, NZ).
- 2017 Chief Investigator (CIA) of 'Drugs on the darknet: Assessing the global health risks of a rapidly expanding market' 4-year project grant. Funded by the National Health and Medical Research Council. Value \$399,692.
- 2017 Co-Investigator of 'eDarkTrends: monitoring darknet markets to track illicit synthetic opioid trends' 3-year project grant. Submitted under PAR-16-055 *Mechanism for Time-Sensitive Drug Abuse Research (R21)* to the U.S. National Institutes of Health. USD \$408,373 / AUD \$548,230. Lead: Francois Lamy (Wright State University).
- 2017 Chief Investigator (CIB) of 'Darknet drug traders: a qualitative exploration of the career trajectories, activities and perceptions of risk and reward of online drug

dealers' 2-year project grant. Submitted to the Australian Institute of Criminology. Value \$24,303. Lead: James Martin (Macquarie University).

- 2014 Named Consultant on 'Trending: Social media analysis to monitor cannabis and synthetic cannabinoid use' 3-year project grant. Funded by the National Institute of Health. Value USD \$1,440,000 / AUD \$1,866,160. Principle Investigators: Raminta Daniulaityte & Amit P. Sheth (Wright State University).
- 2012 Co-Investigator of 'Social Supply of Cannabis' 18-month project grant. Funded by the National Drug Law Enforcement Research Fund. Value \$225,237. Collaborators: Simon Lenton (Curtin), Cary Bennett & John Scott (University of New England).

Commissioned projects

- 2020 Co-investigator 'The demographic profiles, patterns of drug use, drug-related harms and help-seeking behaviours of festival and nightclub attendees in Queensland'. Commissioned by the Queensland Mental Health Commission. Lead: Jason Ferris. Co-Is: Caitlin Hughes, Adam Winstock.
- 2020 Lead investigator 'The demographic profiles, patterns of drug use, drug-related harms and help-seeking behaviours of festival and nightclub attendees in Victoria'. Commissioned by the Victorian Department of Health and Human Services. Co-Is: Caitlin Hughes, Jason Ferris, Adam Winstock.

Academic service

I am often asked to perform reviews of academic papers for a wide range of journals: I conduct approximately 25 peer reviews per annum. In my editor roles at the International Journal of Drug Policy and Drug and Alcohol Review, I review, arrange peer reviews, and make final recommendations on around 20 papers per annum. I serve on the NHMRC postgraduate scholarships panel and as an external assessor for international grants bodies.
